

Winter Weather Policy for the Verona Senior Center

The Verona Senior Center will be closed for a Winter Weather Emergency any time that the Verona School District is closed for Winter Weather. In addition, if the staff of the Senior Center determine conditions to be too dangerous for the senior population to be traveling to and from the Center they can also decide to close the building. Those persons who are expected to arrive on the day the Center is closed will have staff attempt to notify them by phone that the Center is closed. If the Senior Center is closed there will be no meal delivery service for home-bound seniors on that day and no meals will be served at the Center as well.
