Participant Led Activities

** The Verona Senior Center strives to support as many groups as possible within the space available at any given time for activities conceived of and developed by volunteer participants.

** The responsibility of paid staff for such groups is to help with scheduling, promoting, and setting up, while the conducting of the group itself is the responsibility of the group leadership.

** The makeup of the group is left to the determination of the individual groups as long as they do not discriminate based on race, gender, sexual orientation, religious convictions, economic status or country of origin.

** Group size and skill level limits are at the discretion of the group leadership, as long as they do not violate the nondiscrimination conditions outlined above.

** If interest in participation exceeds capacity it may be suggested that an additional group be formed. Every effort to accommodate a second group will be made but cannot be guaranteed.

** The Verona Senior Center reserves the right to discontinue any participant led group a) that does not comply with the policy for such groups, b) if space needs dictate the need to do so, or c) for any reason determined by paid staff to be valid, including persistent complaints arising from within or without pertaining to any group

** All Space Policy and Behavior Policy requirements apply to such groups

** The Senior Center paid staff will monitor every group on a regular basis to determine compliance with all policies
